MOHSIN ALI

Full Stack Developer | Innovating One Line of Code at a Time

IBA Sukkur, Sindh, Pakistan

SUMMARY

Passionate Computer Science student at IBA Sukkur with strong expertise in full-stack web development and data analysis. Proficient in modern web technologies including React, Node.js, and Python. As a dedicated developer, my journey in Computer Science is shaping my analytical and coding competencies, particularly in JavaScript, Python, and modern web frameworks. These tools are the cornerstone of my educational experience, as I navigate through complex problem-solving tasks and academic projects. Actively seeking opportunities to contribute to innovative projects and continue growing as a developer in the dynamic tech landscape.

PROFESSIONAL EXPERIENCE

Freelance Full Stack Developer & Data Analyst
(2023 - Present)

- Developed and deployed responsive websites using HTML, CSS, JavaScript, React, and Tailwind CSS
- Built interactive data dashboards and visualizations using Python libraries like Matplotlib and Seaborn
- Designed and trained machine learning models for predictive data analysis and business intelligence
- Collaborated effectively with clients to deliver high-quality projects with 100% satisfaction
- Specialized in frontend development, full-stack applications, and data-driven solutions

CERTIFICATIONS

✓ JavaScript Essential Training

✓ HTML, CSS & JavaScript

✓ Practical GitHub Actions

✓ Web Design & Development

✓ Python Programming

✓ Bootstrap 4 Responsive

✓ GitHub Project Management

✓ Multiple Coursera Certificates

React   Node.js   Python   Tailwind CSS   MongoDB

EDUCATION

Bachelor of Science, Computer Science

(2023 - 2027)

IBA Sukkur (Institute of Business Administration)
Focused on software development, data structures, algorithms, database management, and web technologies. Active participation in coding competitions and tech communities.

Matriculation & Intermediate

(2019 - 2022)

Cadet College Larkana
Matriculation (SSC): Science
Intermediate (HSSC): Pre-Engineering
Completed secondary and higher secondary education with focus on science and engineering subjects. Developed strong foundation in mathematics, physics, chemistry, and analytical thinking through cadet training and discipline.

FEATURED PROJECTS

Personal Portfolio Website

- Designed and developed a modern, responsive portfolio website featuring smooth animations

- Integrated contact form with EmailJS for direct client communication

- Showcased projects, certificates, and professional services with elegant dark theme design

HTML5   CSS3   JavaScript   Tailwind CSS

Weather Application

- Built real-time weather application with API integration

- Implemented location-based weather updates and 5-day forecasts

- Created clean, intuitive interface with responsive design

React   API Integration   Responsive Design

Data Dashboard

- Created interactive data dashboard for visualizing complex datasets

- Implemented data processing pipelines and filtering capabilities

- Used Python libraries for data analysis and visualization

Python   Pandas   Data Visualization
